

HAND HELD METAL DETECTOR MODEL: 103CY

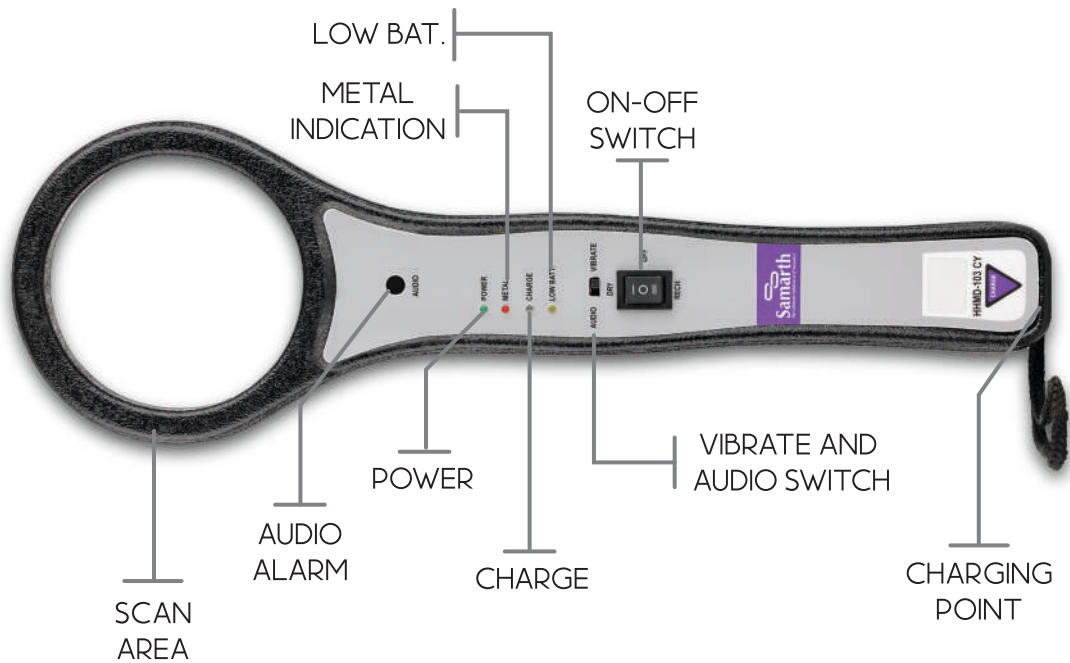

Feel the Alert

The **Hand Held Metal Detector – 103CY** takes security screening to the next level with its built-in vibration feature. Designed for discreet and efficient operation, it enhances security screening with versatile audio alerts, giving operators clear and customisable detection signals.

- **High sensitivity:** detects all types of metals (ferrous, non-ferrous, alloys) with precision
- **Compliance:** Fully meets the latest international security standards
- **Silent vibration alerts** for sensitive or high security areas
- **Multiple sound modes** for different metals
- **Operator-friendly alerts:** Audio, vibration, and visual signals for maximum efficiency

With its multi-sound capability, the HHMD - 103CY adapts to any security scenario from quiet VIP zones requiring subtle alerts to busy environments demanding loud, clear signals it's a guarantee of safety, reliability, and ease of use and with vibration alert it is the perfect choice for professional security teams.

Parameter	HHMD 103CY
Detection	Detects any metallic objects (ferrous, non-ferrous and alloys)
Power Source	Rechargeable & dry battery pack
Alarm Indications Facility	Audio, Visual & Vibration alarm facility
Search Coil Area	120 mm dia (round)
Construction	ABS/unbreakable body in die casted mould
Certification	CE certification, Electromagnetic Compatibility (EMC) Directive 2014/30/EU
Operating Temperature & Humidity	- 20° C to + 65° C with RH 95% non-condensing
Weight	340 gms.
Colour	Black
Dimensions	(L x W x H) (390 x 60 x 37) mm
Packing Details (Dimension)	(L x W x H) (395 x 125 x 40) mm
Packing Details (Weight)	430 gms.
